

Secrets of a Great Resume Updated Edition
Learn how to sell your skills and experience to employers and land your dream job.

Could your resume be holding you back?

You have the skills and the experience ... but still no response. Day in and day out, you send resumes to employers for jobs you know you are perfect for, yet you're not receiving any calls for interviews.

If this is the case, your resume could be keeping you from doing the work you love and earning the salary you deserve. In today's ultra-competitive job market, you can't afford to go unnoticed. Your resume needs to stand out from the stack of other job applications and compel the hiring manager to give you an interview.

So, how does your resume measure up?

When you're not sure how to highlight your key strengths and format your jobs and education, updating your resume can be a stressful and time-consuming process. But it doesn't have to be.

Hi, my name is Deborah A. Bailey and as a career coach and writer, I've helped thousands of professionals uncover their strengths and leverage their talents to achieve their professional dreams. As someone who has made several career transitions while in the corporate world – from fashion copywriting to working at companies such as AT&T, Lucent Technologies and Johnson & Johnson – I understand the importance of knowing how to market yourself effectively on paper. I've written countless resumes for job seekers and have developed a simple formula for creating a memorable resume.

In **Secrets of a Great Resume Updated Edition**, you'll learn everything you need to know to create a powerful resume that will help you generate more interviews and advance your career.

Including:

- A proven formula for crafting a compelling summary that will convince employers to interview you
- How to sell your job experience and show employers why they should hire you
- The top three mistakes job seekers make when creating their resume
- How to use social media to get your next job
- Why using keywords can make or break your resume
- The number of years of work experience to include
- How to tailor your resume without starting from scratch

BONUS: This new edition has upgraded and updated with over 20 additional pages.

“Your feedback was really helpful. I got immediate calls to set up interviews after I posted the resume.”

– Ola Oyedeji

Having a professional resume created by a resume-writing company can cost hundreds of dollars. Suppose you want different versions of your resume? You'll have to pay for each one.

BONUS: No fluff, just the facts - which means you won't have to read through pages of filler to get the information you really need.

“She did a fabulous job in revamping my resume as an entry into the tech market. She organized it such that the technical skills I acquired over the years were listed to my advantage.”

– Irvi Malhotra

Secrets of a Great Resume Updated Edition includes easy-to-follow examples will show you how to quickly make your resume polished and professional.
